Willa Chasmsweet Wasserman - chasm sweet - [Downs & Ross](#) - ****

I'm glad they decided to show these in an apartment space, because it's kind of a perfect way to preserve the delicacy and accentuate the intimacy of these paintings. There's a touch of sentimentality in some of the works, but imo it ultimately ends up reinforcing accentuates their beauty. It's all very lovely, especially the works on brass, and I am really looking forward to seeing what Willa Chasmsweet Wasserman does next.
